

and Main Ridge

with Emily Davenport.

A trip to Main Ridge is not complete without a visit to the quirky and whimsical **T'GALLANT**, where the cellar door is housed in an original apple coolstore. Try Pinot Gris and Pinot Grigio from the regions most passionate producers. Baracca Trattoria is open everyday with the Spuntino Bar serving lighter fare on weekends from the wood fire oven.

Try a Peninsula grazing plate at **DARLING PARK** (pic above) matched with a glass of Judy Gifford's sumptuous wine. The kids will be entertained in the children's sculpture garden – complete with sandpit!

Head to **RED HILL ESTATE** to try their 2005 Chardonnay; critics, wine judges and wine buyers all agree that it is one of the best Chardonnays around. Book your place at the table for Red Hill's Cup Day Extravaganza on Tuesday the 6th of November.

Let Samantha and Andy at the **LONG TABLE RESTAURANT** in Red Hill look after you. Try the fabulous Elgee Park Pinot with the Saltimbocca quail with chorizo and white bean braise or the 2005 Stonier Chardonnay with Butter poached oysters, pan fried black pudding on apple puree with scallop tartare and smokey bacon veloute.

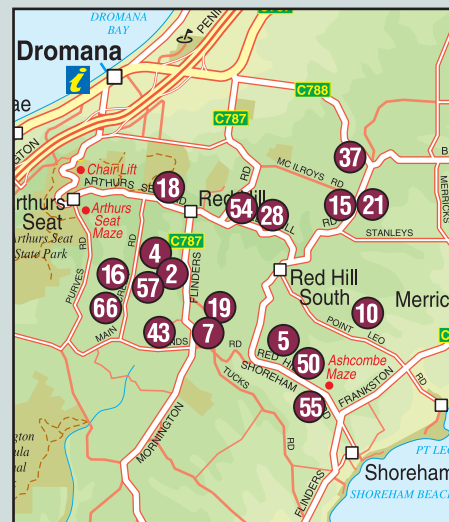

Sublime! Or just go along and enjoy a glass of wine in front of the open fire in the bar. Regular degustation dinners are held with the next being on Friday 12th October exploring the food & wine of Spain.

While in the cool hills visit Winemaker Lindsay McCall at **PARINGA ESTATE** makes some of the most awarded Pinot Noir, Chardonnay and Shiraz in the region. Try a glass of this divine drop with a plate of local produce at The Paringa Estate Restaurant.

VIDONI ESTATE, in Main Ridge, maybe one of the latest cellar doors to open but the vineyard has actually been established for over ten years. Try estate grown wine as well as olive oil made from the property's grove.

Also in Main Ridge you'll find the eclectic **PERIDOT LAKE ESTATE**. Bright and welcoming this Greek and Mediterranean inspired restaurant sources Atlantic Salmon and trout from its own spring fed lake.

Learn about the importance of clonal selection at **ELDRIDGE ESTATE**. Six clones of Pinot, each distinctly different, are grown on the site and are blended to make the estate's highly acclaimed wines.
